- Indoor Field Hockey
- Futsal
- Handball

“ I just wanted to let you know that we are receiving many compliments on the new floor. It looks and feels great. Thanks for getting the job done so quickly and efficiently! The color scheme and line painting really work well with the color structure within the building. I appreciated your time and effort put forth on this.

- Matt C. Patterson, NY

# homecourt®

Shoot hoops for hours with superior comfort, safety and playability!

mateflex.com  
(800) 926-3539

**FEATURES:**

- Flexjoint Technology (see page 10)
- Cushioned Surface
- Excellent Drying Time After Rainfall
- Minimal Maintenance
- Access to Base for Repairs
- Excellent Durability

**APPLICATIONS:**

- Badminton
- Basketball
- Inline Hockey
- Paddle Tennis
- Pickleball
- Shuffleboard
- Soccer
- Tennis
- Volleyball

“Working with Mateflex was a breeze! From the very beginning, their customer service was top notch. They catered to our specific needs in order to help resurface two of our basketball courts. Once the work started, the project was finished and our residents were playing on them in just a few short days. Now, almost a year later, we are still very satisfied with the product. We look forward to working with Mateflex on future projects and would highly recommend them to others.

- Janet D. Middletown, NJ

# TOPCOURT

The original modular tile engineered for racquet sports and more!

mateflex.com  
(800) 926-3539

**FEATURES:**

- Flexjoint Technology (see page 10)
- Cushioned Surface
- Excellent Drying Time After Rainfall
- Minimal Maintenance
- Access to Base for Repairs
- Excellent Durability
- Low Glare

**APPLICATIONS:**

- Tennis
- Ball Hockey
- Dek Hockey
- Basketball
- Pickleball
- Shuffleboard Courts
- Backyard Courts

**“** I was able to run, change direction, and move about more confidently than on either asphalt or the clay courts.  
– Bill R. Toledo, OH  
It rained steadily – We were wet – Balls were wet – Court was dry – Great choice – Thanks to all involved.  
– Paul M. Toledo, OH

# MATEFLEX III

A smart blend of traction, durability, and comfort, Mateflex III is perfectly designed for roller sports and more!

**FEATURES:**

- Flexjoint Technology (*below*)
- Very Low Abrasion on Equipment
- Minimal Maintenance
- Access to Base for Repairs
- Excellent Durability
- Low Glare

**APPLICATIONS:**

- Outdoor Inline Hockey
- Outdoor Basketball
- Outdoor Volleyball
- Pool Areas
- Patios
- Entrance ways

## FLEXJOINT TECHNOLOGY

Matéflex open-grid tiles, when properly installed, have the outside perimeter of the court securely fastened to the substrate, while the Flexjoints offer these unique benefits:

- **Controlled Lateral Give and Comfort**
- **Accommodates Thermal Expansion**
- **Allows for Base Undulations**

The Matéflex outdoor installation process “nails” it... This floor isn't going anywhere!

“The floor “gives” to allow for quick turns, etc. with excellent traction.”  
— Robert Y. Sidell, II

# SOFTFLEX

SoftFlex provides safety and is also comfortable and attractive with its soft PVC material. SoftFlex is easy to install and is a portable flooring option that can be rolled up to make cleaning simple and fast.

**APPLICATIONS:**

- Pool Decks
- Spas and Hot Tubs
- Shower Areas
- Locker Rooms
- Wet Areas
- Anti-Fatigue Matting

**COLORS:**

- Charcoal
- Light Gray
- Tan
- Warm Gray
- Teal Green
- Ocean Blue

# VERSAFLEX

**APPLICATIONS:**

- Pool Areas
- Showers
- Locker Rooms
- Spas
- Hot Tubs
- Boats
- Commercial Use
- Food Service Areas
- Fire/Emergency Vehicle Compartment Matting

**COLORS:**

- Black
- Terra Cotta Red
- Stone Gray
- Ocean Blue

VersaFlex are reversible, low profile modular tiles that are tough enough to withstand a variety of applications. The PVC formula provides ultimate durability and is low maintenance.

# CLASSIC

Utilizing its honeycomb-grid design, Classic allows water and other liquids to drain through leaving a dry and safe surface. The tile's material is unaffected by the elements and most everyday chemicals to leave you with a low maintenance and premier product for many matting applications.

**APPLICATIONS:**

- Fire/Emergency Vehicle Compartment Matting
- Matting
- Anti-Fatigue Matting
- Safety Matting

**COLORS:**

- Black
- Terra Cotta Red
- Stone Gray
- Yellow

#### WE WERE THE FIRST, THE ORIGINAL

The original concept of Matéflex was developed in France in the 1960's. In 1974, Matéflex-Mele Corporation was formed to manufacture and market for the United States. We have been in continuous operation at our Utica, NY headquarters ever since, under a parent company established in 1912.

#### WE SWEAT THE DETAILS

We oversee all aspects of the manufacturing process so we're on the front lines when it comes to quality control. From the design phase to tile production, installation, and game line painting, we know how to make your sports floor vision a reality.

#### GET STARTED TODAY

Whichever Matéflex product best suits your needs, you'll find the tiles are affordable and easy to install.

Give us a call today at 1-800-926-3539 or visit [mateflex.com](http://mateflex.com) and get your next sports floor project done the Matéflex way!

Made in the U.S.A. since 1974

**COLORS:** (applicable for ProGym, HomeCourt, TopCourt, Mateflex III)
